

**Add A Child  
Timelines & Formulas  
for Calculating  
Child Support Debt Judgment**

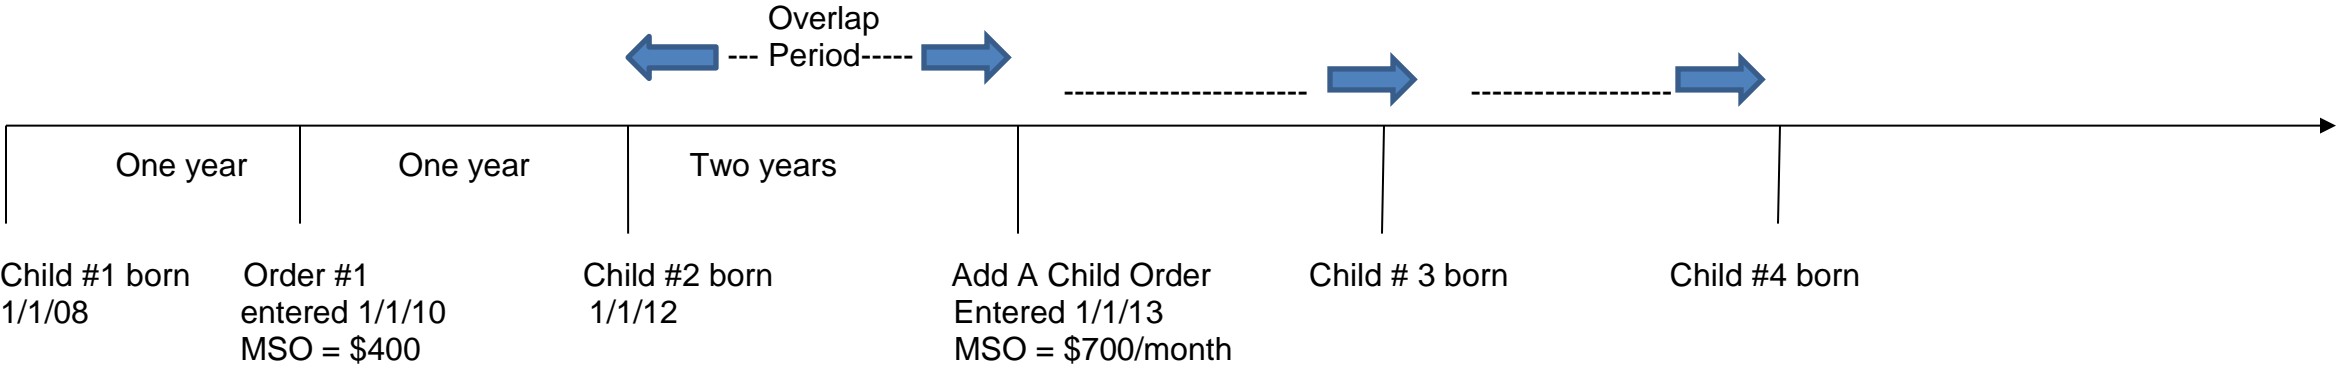

**Option # 1** (strict application of §14-14-104, C.R.S.)

MSO=\$400/month  
Child Support Debt = \$400 times 36 months = \$14,400  
PA paid = \$600 times 36 months = \$21,600  
Judgment= \$14,400

**Option # 2** ( of §14-14-104, C.R.S.)  
**This formula avoids double recovery**

MSO=\$400/month  
Child Support Debt = \$400 times 36 months = \$14,400  
PA paid = \$600 times 36 months = \$21,600  
Judgment= \$14,400 **minus** (36 times \$300/month = \$10,800) = \$3,600

**Add A Child  
Timelines & Formulas  
for Calculating  
Retroactive Support Judgment**

Retroactive Support Judgment = ?

Option # 1 (strict application of §, C.R.S.)

MSO=\$400/month  
Retroactive Support = \$700 times 24 months = \$16,800  
Judgment= \$16,800

Option # 2 (strict application of §,14-10-115, C.R.S. Also see this desk aid )  
**This formula avoids double recovery**

MSO=\$400/month  
Retroactive Support = \$700 times 24 months = \$16,800  
Judgment= \$16,800 **minus** (24 times \$400/month = \$9,600) = \$7,200
