The commitment of a Board Member is key to the success of the annual CFSC Conference, and therefore you must be willing to dedicate time and energy

to the role. An elected Board Member is often on several committees and needs to be able to work as part of a team.

We need Board members who have influence within their own community and among the membership, people who can open doors, attract others to the cause, and serve as ambassadors.

If you are interested in serving on the Board, contact any Board Member who is listed on the CFSC website to obtain information on how to submit your name for consideration....or you can nominate yourself at this year's conference!

**Serving Colorado
Child Support Professionals
since 1974**

Our Mission

Training Since 1974:

The Colorado Family Support Council is a non-profit corporation whose purpose is to update and train individuals and agencies on the laws and procedures related to child support establishment and enforcement.

Our Purpose

The purpose of the Colorado Family Support Council is to promote understanding of family support issues and to provide a forum for child support workers to discuss problems, solutions and further the direction of the program.

Our History

The Colorado Family Support Council was organized in 1974 under the umbrella of the Colorado District Attorney's Council (CDAC). Seed money in the amount of \$500.00 was provided to the Family Support Council by CDAC.

Since training has always been perceived as an important element in the effectiveness of the IV-D program, the council began sponsoring an annual training conference for those working in the field of child support. In addition to the annual conferences, the council has sponsored numerous regional training sessions on topics of interest. In 1985, CFSC merged its annual conference with, and became host of, the national conference in Snowmass.

In 1991 the Council incorporated as a 501(c)3

charitable organization. The purpose of the Council had to change slightly to drop lobbying efforts to keep its educational tax preference status. Donations made to CFSC are now tax deductible for many tax filers.

In 2005, the Council started its website at www.cfscinc.org to keep its membership informed of pertinent information and assist its board of directors in conducting the business of the organization.

In a relatively short period of time the council has grown to meet many needs of the child support worker and hopes to further meet those needs in conjunction with the State Office of Child Support Services and the other organizations which have formed to enhance the area of child support.
