THE NEWS LETTER OF THE OF THE COLORADO FAMILY SUPPORT COUNCIL

[WWW.CFSCINC.ORG](http://WWW.CFSCINC.ORG)

*Our Mission: Training the Colorado Family Support Professional Since 1974. The Colorado Family Support Council is a non-profit cooperation whose purpose is to update and train individuals and agencies on the laws and procedures related to child support establishment and enforcement.*

## A Letter From the President

On the eve of our 2014 Colorado Family Support Council Annual Conference, I find myself reflecting on the year with fond memories of what has grown into a highly motivated and team oriented group of child support professionals that came together to make things possible. Our state is full of fantastic individuals who are dedicated and hard working, and they are well represented by our board of directors.

It is my hope that anyone who is interested will have the opportunity to meet with the board and ask questions about the process of putting

on a conference like ours. After that conversation, I hope that you will consider bringing what you have to the mix to what for me was an extraordinary experience.

We hope you'll come join us at the President's Reception in the Overlook Room for some refreshments and cake as we celebrate our 40th year.

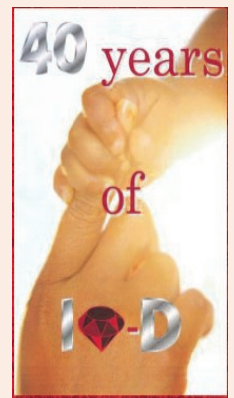

One final note, this year's attire will be business casual for sessions and the banquet.

I can't wait to meet each and everyone of our

attendees this year at our opening session.

Thanks and have a great conference.

By Christian Maddy

## Who are we looking for?

We are recruiting for the 2014-2015 CFSC Board of Directors. We are looking for people who operate effectively in a group setting, provide synergy for the rest of the team, and keep in mind the broader interests of the Membership.

Our Board of Directors is a vehicle through which talented and experienced individuals,

are able to add value by helping make key decisions and ensure that sound governance is implemented. Nonprofits are defined by their customs, traditions, and practices and diversity on a nonprofit board is essential and helps embrace a more inclusive environment. *"The most effective boards are those that are able to*

**"My grandfather once told me that there were two kinds of people: those who do the work and those who take the credit. He told me to try to be in the first group; there was much less competition."**

**Indira Gandhi (1917-1984)**

*bring together a diverse group of people that bring a range of thought and perspective,"* said Eckhart-Queenan. If you have any questions about becoming a board member please come by our booth at conference or visit our website at [www.cfscing.org](http://www.cfscing.org).

## Suggestions for a Successful Stay

It is always a good idea to bring a copy of your employer's federal tax-exempt form for the hotels registration clerks so you won't be charged any tax.

Your Board of Directors is providing food and beverage for the morning half-hour breaks.

All rooms have coffee makers, hairdryers, and refrigerators. Feel free to bring snacks and beverages if you prefer to

eat in your room for the meals not provided in your registration fee. If you prefer to eat out, be certain to check with the hotel staff for suggestions and availability.
